Federal Communications Commission

To Whom It May Concern:

I just want to let those in charge know how much KLOVE (92.7 fm) has meant to my young child and I. It has literally changed our lives and how we live, and continues to do so daily. The station is safe for the whole family, airing only things that I want my child's ears and heart to be focused on.

The station is currently a Christian station supported by local listeners. There is no advertising cost and, therefore, does not require tens of thousands of additional dollars each month to keep running.

For the following rules to be required of KLOVE and other stations would surely be detrimental to their existence. I whole-heartedly oppose the requiring of a community advisory board, additional staffing, and the forcing of translator stations off the air. If any of these rules take affect, the KLOVE station in my area and many other areas would ultimately be forced off the air.

If you have any questions or need any further information from my child or I, please feel free to contact me at favourd@gmail.com or (402) 612-8968. We would be happy to talk to you about how KLOVE has changed our lives.

Respectfully,

Diane Bilek  
Omaha, Nebraska
